I have a BSc in international relations and strategic studies, but I've acquired a strong interest in user interface and user experience design. Furthermore, I have developed a strong sense of empathy that helps me create a great user experience with simplicity in mind, to keep it appealing, and suit the needs of both the user and the business.

## WORK EXPERIENCE

### Assistant Head of relations
Joker Club & Lounge

*06/2018 - 03/2019*                          *Benin city, Nigeria*
